## **San Jose State University Faculty Member Receives Fulbright Senior Specialists Award**

Dr. Mengxiong Liu, Engineering Librarian and Professor of Library and Information Science at San Jose State University has been selected for a Fulbright Senior Specialists project in Uruguay at Latin American Center for Human Economy (CLAEH) and The British Schools during the month of November 2007, according to the United States Department of State and the J. William Fulbright Foreign Scholarship Board.

Dr. Liu will advise, recommend and evaluate the design and structure of the postgraduate degree in management of digital resources at CLAEH, and the information literacy program at the British Schools. She will also give seminars on topics focusing on digital libraries and information literacy to an audience of postgraduate students, librarians, information technology specialists, and educators at the secondary and tertiary level within the community.

Dr. Mengxiong Liu is one of over 400 U.S. faculty and professionals who will travel abroad this year through the Fulbright Senior Specialists Program. The Fulbright Senior Specialists Program, created in 2000 to complement the traditional Fulbright Scholar Program, provides short-term academic opportunities (two to six weeks) to prominent U.S. faculty and professionals to support curricular and faculty development and institutional planning at post secondary, academic institutions around the world.

The Fulbright Program, America's flagship international educational exchange activity, is sponsored by the U.S. Department of State, Bureau of Educational and Cultural Affairs. Over its 60 years of existence, thousands of U.S. faculty and professionals have taught, studied or conducted research abroad, and thousands of their counterparts from other countries have engaged in similar activities in the United States. Over 285,000 emerging leaders in their professional fields have received Fulbright awards, including individuals who later became heads of government, Nobel Prize winners, and leaders in education, business, journalism, the arts and other fields.

Recipients of Fulbright Scholar awards are selected on the basis of academic or professional achievement. Among thousands of prominent Fulbright Scholar alumni are Milton Friedman, Nobel Prize-winning economist; Alan Leshner, CEO of the American Association for the Advancement of Science (AAAS); Rita Dove, Pulitzer Prize-winning poet; and Craig Barrett, Chairman of the Board of Intel Corporation. Distinguished Fulbright Senior Specialist participants include Mahmoud Ayoub, Professor of Religion at Temple University, Heidi Hartmann, President and CEO, Institute for Women's Policy Research, Percy R. Luney, Jr. Dean and Professor, College of Law, Florida A&M University and Emily Vargas-Barone, Founder and Executive Director of the RISE Institute.
